# SELECTION OF PROJECTS FOR THE CONSTRUCTION OF GENERATING UNITS WITH MANEUVERABLE GENERATION MODE

(The third type of AB, according to subparagraph 3) Paragraph 4 of Regulation 161 of 30.04.2021)

It is carried out by organizing and conducting auctions among:

Auctions are not held in respect of generating units that are created by consumers included in the Register of groups of persons in accordance with the contract for the creation of regulating electric power with the authorized body provided for in paragraph 11 of Article 15-5 of the Law of the Republic of Kazakhstan «On Electric Power Industry»

**Sites included in the plan for the placement of generating units with maneuverable generation mode and having preliminary feasibility studies**

**Sites of existing energy-producing organizations**

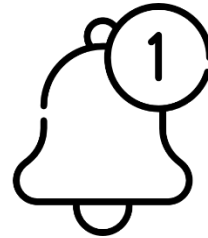

**Sites that do not have preliminary feasibility studies**

# Features of the Third type of auction

Documentation of 3 types of auctions submitted by the applicant to the authorized body in stitched form, with numbered pages, certified on the last page with his signature in an envelope sealed from the outside.

At the same time, the original document confirming the financial security of the application for participation in the auction is attached by the applicant separately from the documents.

The authorized body, within 3 (three) working days after checking the documents and making decisions by the commission notifies in writing the relevant applicants who have received admission to registration in the electronic system of the auction organizer of the receipt of this admission, and also sends information and a list of applicants who have received admission to registration in the electronic system of the auction organizer to the single buyer and the auction organizer.

The envelope with the documents of the authorized body on the same day submits it to the Commission for consideration.

Financial support of the application for participation in the auction (original document) submitted by the applicant to the authorized body is sent by the commission to the single buyer after consideration of this document by the commission.

# Registration in the electronic system

www.korem.kz
